Summary

Dynamic and detail-oriented B.Tech graduate in Artificial Intelligence and Data Science with strong hands-on experience in iOS mobile application development. Proficient in Apple's modern tech stack including **Swift**, **SwiftUI**, **UIKit**, **Xcode**, and **Firebase**, with a deep understanding of mobile architecture and design patterns. Passionate about crafting sleek, intuitive user experiences through clean, maintainable code and a strong focus on **UI/UX**, **RESTful API integration**, and **performance optimization**. Proven ability to thrive in agile environments, contribute to cross-functional teams, and deliver scalable, high-quality mobile solutions that drive user engagement and business value.

Experience

iOS Developer
Viana Soft Private Limited (SIMATS Engineering Institution) *Oct 2025 – Present*

- Promoted from **iOS Intern** to **Full-Time iOS Developer** within 2 months based on strong performance and delivery.
- Spearheaded the development of **"Viana 360"**, a cross-device institutional application for **iPhone and iPad**.
- Built a scalable and responsive UI using **SwiftUI**, ensuring consistency across multiple screen sizes and orientations.
- Owned the end-to-end development lifecycle, including requirement analysis, development, API integration, testing, and App Store deployment.
- Integrated RESTful APIs and validated endpoints using **Postman**, ensuring reliable backend communication.
- Leveraged **Git** for version control, code collaboration, and maintaining clean development workflows.
- Delivered the application within a tight timeline (˜3 months, Dec–Mar) and successfully launched it on the App Store.
- Improved overall user experience and performance through optimized UI rendering and efficient state management.
- Currently maintaining and enhancing the app with new features and performance improvements.

iOS Development Intern
Greatify : AI-Enhanced ERP, LMS & Digital Exam Solutions *Jan 2025 – Jul 2025*

- Completed a structured 6-month internship focused on iOS mobile application development.
- Worked on live iOS projects under the guidance of senior developers, contributing to the development and debugging of production-level code.
- Gained practical experience using **Swift**, **SwiftUI**, **UIKit**, **Xcode**, and **Firebase**.
- Assisted in integrating **RESTful APIs**, managing real-time data flow, and implementing UI/UX best practices.
- Participated in code reviews, agile development processes, and collaborative teamwork.
- Improved performance and reliability of mobile apps through testing, optimization, and debugging.

Technical Skills

- **Programming Languages:** Swift
- **Mobile Development:** SwiftUI, UIKit, Xcode, Core Location, MapKit
- **Backend & Integration:** Firebase (Realtime Database, Auth, Push Notifications), REST APIs
- **Design & UI/UX:** Frontend Design, UI/UX Best Practices

Projects

School Bus Child Tracking System (iOS)

- Developed two separate iOS apps: **Parent App** and **Driver App**.
- **Parent App:** Real-time tracking of school buses using **Core Location** and **MapKit**.
- **Driver App:** Trip updates and secure live location sharing.
- Used **Firebase Realtime Database** and **Firebase Authentication** for data and user roles.
- Built clean UI using **SwiftUI** and **UIKit**.
- Integrated push notifications for trip alerts and status.
- **Project Links:**
  Parent App: `https://drive.google.com/drive/folders/1iCWanS`$_n ml1ZTM1Co9tR0JC7uNFiWWqT$
  Driver App: `https://drive.google.com/drive/folders/180BFTnMZVH3zT1R0IE8uUYyTr`$_7 yn1aN$

Education

Dhanalakshmi Srinivasan Engineering College, Perambalur
Bachelor of Technology in Artificial Intelligence and Data Science — **Nov 2021 – May 2025**
CGPA: 7.5 (Upto 6th Semester)

Little Scholars Matric Hr. Sec. School, Thanjavur
HSC (12th) — **Jul 2020 – Jun 2021**
Percentage: 80%

Don Bosco Matric Hr. Sec. School, Thanjavur
SSLC (10th) — **Jul 2018 – Jun 2019**
Percentage: 66%

Additional Information

- **Languages:**
  - Tamil, English, Marathi
- **Certifications:**
  - AWS – Cloud Computing Architecture (6 months)
- **Publications:**
  - Research Paper on iOS Development published in *International Journal of Research Publication and Reviews*
  - **Journal Link:** https://ijrpr.com/uploads/V6ISSUE5/IJRPR45057.pdf
